DOUBLE CORE

THE BIRTH OF A REVOLUTION

Yet when we began developing our Double Core technology, we didn't anticipate that it could transform skiing across the globe.
Initially, the Nordica ski development team–led by Product Manager Florian Seer–aimed to reimagine how a women's ski could perform. This led Nordica's research and development team to divide the wood core–the soul of the ski–into two layers and embed an elastomer Pulse Core between them. This dampened vibrations to create a smooth yet powerful ride that boosted confidence.

PERFECT COMBINATION

We've since expanded the use of our Double Core technology, reimaging iconic models by enhancing their performance even further.
And while the design and construction of each model is tailored to its specific needs, these skis are united by a common vision–a commitment to amplifying fun.

The LIFE-RecycleYourBoots project has received funding from the LIFE Programme of the European Union.

RECYCLE YOUR BOOTS

find out more

GIVE YOUR OLD SKI BOOTS A SECOND LIFE

WE ARE AT THE BEGINNING OF A NEW WAY OF CONCEIVING THE SKIBOOT LIFE CYCLE. RECYCLE YOUR BOOTS IS NOT THE FINAL ANSWER, NOT YET, BUT IT IS A SITE OF CONSTANT INNOVATION.

PLASTIC WASTE IS A PROBLEM

Recycle Your Boots was born from the consciousness that our society globally is producing an enormous quantity of waste. And that plastic has become a big problem for our planet, literally as big as a continent. When old skiboots reach the end of their usable life, they often end up in a dump or are burned in waste-to-energy plants. We want to make it possible for anyone who wants to get a new pair of skiboots, to return their old ones, from any brand. Nordica will recycle the old pair completely, in a transparent and sustainable process.
Nordica is launching the Recycle Your Boots campaign to make a circular economy the new business model for the ski industry. The collecting and recycling initiative has been adopted by the LIFE programme – the EU's funding instrument for the environment and climate action – and will be effective across eight european countries as early as this winter season.

HOW DOES IT WORK?

WHAT HAPPENS TO YOUR OLD SKI BOOTS WHEN YOU LEAVE THEM IN THE SHOP?

1. COLLECT

Once the ski season is over, collect the old skiboots and place them inside the delivery boxes. Each delivery box should include 5 pairs of skiboots, for logistics reasons.

2. FULFILL RYB FORM

Fulfill the Nordica RYB Form you received via e-mail.

3. BOOK THE PICK UP

In order to organize the pick up, send the fulfilled form via e-mail to FERCAM logistics company.

4. PRINT RYB FORM

Print one copy of the fulfilled formand place it inside one of the delivery boxes.

5. TRANSPORT TO RECYCLING

FERCAM will pick up and deliver the old skiboots as second hand goods to our Selection Center where they will be dismantled.

6. RECYCLE YOUR BOOTS

We recycle them!
